

Solution for Schools & Educational Institutions

Simplify students' registration and protect students and school assets

Synel offers student enrollment systems that record the presence, absence or lateness of students, by using card or fingerprint technology. These solutions save time and reduce costs by eliminating the daunting task of manual registration and by providing an accurate account of attending students.

Furthermore, students are encouraged to take responsibility and as a result truancy is diminished. For enhanced security, these systems can be combined with Synel's access control solutions, where only authorized personnel can access the school / classes or designated areas within the school.

The security system is capable of sending SMS alerts to school staff and students' parents, notifying them of late arrivals, or of students who do not show up for classes.

Benefits

- **Interface with existing school/university systems of various types**
- **Student's self registration save valuable teaching time**
- **Full flexibility to choose between card or fingerprint technology**
- **Cost effective and easy to support**
- **Automatic fire report**
- **Protect students and school assets**
- **Options for:**
 - **Real time feedback by SMS alert for extra security and notification of late arrivals**
 - **PIP feature where the teacher can see in real time the images of students who are in or absent**
 - **Card printing module**

Partial list of UK schools using FP solutions

- **Beths Grammar School, Bexley - 6th form registration**
- **Carisbrooke High School, Isle of Wight - student registration**
- **Stockport Grammar School - student registration**
- **Portland School, Worksop - time & attendance**
- **St Angela's School, London - student registration**
- **St Bonaventure's School, London - student registration**
- **Stockley Academy, Uxbridge - student registration**
- **Hartsdown Technology College, Margate, Kent - access control**
- **The Lady Eleanor Holles School, London - cashless meals, access control & student registration**
